

BACK AS PARTNERS

After a short break the Barooga Sports Club has again jointly invested with the Picola and District Football Netball League as the Major Sponsor of the South East Division League. The Sporties has been a long time supporter of the PDFNL and has again seen fit to enter into an arrangement that will see both organisations benefit. Barooga Sports Club Promotions Manager Mick O'Dwyer said " The Sporties Group is pleased to be back supporting and sponsoring the Picola Football Netball League. Our long term relationship with the PDFNL has been restored and we look forward to working together during the 2016 Season. The PDFNL along with the Sporties Group clearly recognise that sponsorship is about building a partnership so that both parties gain from the agreement "

Picola Football Netball League Operations Manager Greg Watmore said, 'The Picola District Football Netball League has a long standing relationship with the Barooga Sports Club and is proud to have them on board as a sponsor for the 2016 season. It's been a unique relationship and one that mutually benefits both organisations. The PDFNL and the Barooga Sporties share common values in relationship to local communities and their sporting organisations, so for us it's a perfect fit, and great to have them involved in grass roots country football and netball.
